**Sikandar Salam:** "Palladio Partners is making a significant contribution to the sustainable transformation of our economy. It channels long-term capital from pension provisions towards urgently needed social investments, which have a very good risk-return profile. This is very appealing to me, as is the global access to investment opportunities in real assets 'from a single source' via fund managers, co-investments and direct investments. I am looking forward to the new challenge and to engaging with investors on infrastructure and private equity."
